### Define Problem Statements (Customer Problem Statement Template):

The Customer Problem Statement template for Student Enrollment and Course Management System focuses on the difficulties faced by students, staff, and administrators during admission and course allocation. The problem statement helps to understand manual errors, time consumption, and lack of centralized data.

| <b>Problem Statement (PS)</b> | <b>I am (Customer)</b>          | <b>I'm trying to</b>                | <b>But</b>                                        | <b>Because</b>                          | <b>Which makes me feel</b> |
|-------------------------------|---------------------------------|-------------------------------------|---------------------------------------------------|-----------------------------------------|----------------------------|
| <b>PS-1</b>                   | A new student seeking admission | Enroll for a course online quickly  | Website is confusing & manual forms take too long | No centralized online enrollment system | Frustrated and anxious     |
| <b>PS-2</b>                   | A college admin staff           | Manage 500+ student enrollments     | Data is scattered in Excel & papers               | Manual entry causes duplicate errors    | Overwhelmed and stressed   |
| <b>PS-3</b>                   | A faculty member                | Check list of students in my course | Don't get real-time updated list                  | System doesn't sync enrollment          | Confused and unprepared    |
| <b>PS-4</b>                   | A second-year student           | Choose my elective courses          | Course clash & seat not shown                     | No proper course management module      | Disappointed and helpless  |
| <b>PS-5</b>                   | A parent of an applicant        | Track my child's admission status   | No notification or tracking                       | Lack of transparency                    | Worried and insecure       |
